

Outdoor Education Conference 2024

Building sustainability and climate change agendas into your curriculum

Following the success of previous 'Wild Tribe Outdoor Learning Conferences' we are excited to announce a partnership with Devon Education Services which has developed a new and exciting conference offer for our 2024 event. Building on the 'rewilding' theme, our focus this year will be on the DfE's Sustainability and Climate Change Strategy.

This conference will provide you with the latest up to date information and guidance on this vitally important strategy, along with access to a wealth of experience from workshop contributors including the co-authors of Bloomsbury Education's 'Sustainability and Climate Change Curriculum Outdoors: Key Stage 2' publication, Plymouth Marine Aquarium's Ocean Trust, Surfers against Sewage, Planet and People and Wild Tribe Outdoor Learning.

We will support teachers to creatively engage their pupils with issues linked to sustainability and to use the outdoors to provide the ideal learning context, offering valuable support to schools in the implementation of DfE National Education Park programme and Climate Change Awards.

Special offer for Arena member schools (SLA): attend for free using code **ODLDconf2024** at the checkout. Offer valid for 1 booking per school - any additional bookings will be charged the discounted price of £50.

Friday 22 March 2024
